MBA program in ERP Management
A 1-year MBA program
CY Cergy Paris University

Since the first of January, 2020, Cergy-Pontoise University and EISTI have merged under a new name: CY, Cergy Paris Université. It is composed of 24,000 students. ESSEC is associated with CY as a partner institution. The academic course offerings are made up of an undergraduate university (CY SUP) and of five undergraduate and graduate schools, four within the university, with the fifth being ESSEC.

In addition to ESSEC, the other graduate schools led by CY university are:

•  CY Tech, specialized in Computer Science, Civil Engineering, Biotechnology & Chemistry, Economics and Management;
•  CY Arts and Humanities, represented by the National Higher School of Arts Paris-Cergy (ENSAPC), the National Higher School of Architecture of Versailles (ENSAV), the National Higher School of Landscape Design (ENSP) and the National Heritage Institute (INP);
•  CY Education, represented by INSEP, EPSS and ILEPS institutions;
•  CY Law and Political Sciences, represented by Sciences Po St-Germain-en-Laye campus.

CY Tech

Located in Greater Paris and in Pau, CY Tech is primarily an Engineering Graduate School. It has earned the “Grande Ecole” status, the highest recognition stated by the French Ministry of Higher Education & Research. CY Tech is also a member of the “Conférence des Grandes Ecoles” (CGE), a French association that gathers elite higher education institutions, which meet strict criteria regarding the recruitment process, educational approach, international and corporate network. Accessible after the completion of a secondary education diploma or through a dedicated post-secondary preparatory class, it delivers a Master’s degree in these four fields: Applied Mathematics, Computer Science, Civil Engineering, Biotechnology & Chemistry.

Two university departments have been incorporated into CY Tech: the Institute of Sciences & Techniques (IST) Mathematics, Computer Science, Civil Engineering, Biotechnology & Chemistry. or through a dedicated post-secondary preparatory class, it delivers a Master’s degree in these four fields: Applied Mathematics, Computer Science, Civil Engineering, Biotechnology & Chemistry.

In addition to ESSEC, the other graduate schools led by CY university are:

•  CY Tech, specialized in Computer Science, Civil Engineering, Biotechnology & Chemistry, Economics and Management;
•  CY Arts and Humanities, represented by the National Higher School of Arts Paris-Cergy (ENSAPC), the National Higher School of Architecture of Versailles (ENSAV), the National Higher School of Landscape Design (ENSP) and the National Heritage Institute (INP);
•  CY Education, represented by INSEP, EPSS and ILEPS institutions;
•  CY Law and Political Sciences, represented by Sciences Po St-Germain-en-Laye campus.

Our mission, our values

The mission of CY Tech is to meet the rising expectations of both students and industry. Through innovative programs and faculty exchanges, we seek to provide our students with an ever-increasingly attractive educational experience. Students can choose undergraduate and graduate programs in both Engineering and Management disciplines.

Students also acquire valuable knowledge and global managerial skills through internships and study abroad experiences with universities worldwide. Since CY Tech’s inception, the institution has gradually adapted itself to the evolving economy that offers an extensive and diversified curriculum that meets a contemporary vision of today’s world.

Its objectives are:

•  challenge-driven to prepare students and staff as global citizens and lifelong learners who care and act for the future of the planet and humanity;
•  committed to the principles of openness and inclusion, by building open resources and collaborative platforms, endorsing open science agendas, and sponsoring the access, mobility and inclusivity mechanisms that liberate our intellectual and social potential.

CY Tech international involvement

CY Tech’s international involvement is indisputable and includes work experience abroad, academic exchanges as well as dual degree options. Our institution recently renewed an Erasmus Charter for Higher Education. This recognition demonstrates our expertise in mobility of students & staff and in strong cooperation for innovation and good practices under the Erasmus + policy. CY University is a member of Campus France, the official agency for the promotion of French Higher Education worldwide. CY Tech has also aligned with different European and international organizations and associations (EUTOPIA, EAIE, NAFSA, n+i Network, AIEA, ...) which aim to promote progress of international education. CY owns a Language Centre and is also an ETS TOEIC Authorized Test Centre.

Our university was recently awarded the ‘Bienvenue en France’ label, which distinguishes French Higher Education institutions that have developed reception facilities dedicated to international students. CY is establishing solid links with Chinese universities which will contribute to the creation of a Franco-Chinese Institute to further internationalize its educational opportunities. One of the most remarkable achievements at European level is the recent development of an alliance of six like-minded universities, located in Belgium, Slovenia, Spain, Sweden, the United Kingdom and France, entitled EUTOPIA. The mission of EUTOPIA is to build in the long term a unique and daring alliance of transformative and engaged institutions. The alliance has developed strong ties within the regional communities, the institutional structures and the local companies. EUTOPIA students, researchers and staff work together to build a new academic model, reflecting an open and a united Europe, respectful of the citizens and the environment.

CY Tech diplomas require an official language certification in English as a Foreign Language as part of its national diploma recognition criteria. CY Tech will have signed 250 university partnerships worldwide by the end of 2021, including more than 20 international dual degree options. A substantial number of cooperation programs allow the institution to enhance incoming mobility through its undergraduate, graduate and post-graduate English-taught course delivery. In keeping with CY Tech’s global vision, our institution plans to open a campus in Singapore within the near future.
What makes CY Tech different?

One ambitious vision. CY, defined as a university of diversity, society-oriented and of international standing, seeks to educate new generations in the complex challenges of a globalized society in tune with the sustainable development objectives, academic excellence and quality student experience.

A high-profile ranking status. National and international rankings, recognized by many specialized media and websites, show once again that CY course offerings are considered as one of the best in the fields of Engineering, Management, Mathematics & Finance, internationalization and professional integration.

Cutting-edge Research & Technology Transfer activities. Research and technology transfer are at the heart of the dynamics of CY Tech, whose missions contribute to the appropriation of scientific knowledge. CY Tech asserts its vision and pursues an active policy in technology transfer innovation of its research activities, conducted by recognized full-time researchers within its fourteen laboratories and five Open Labs in modeling and experimental sciences.

A wide range of facilities offered at the Campus:
• Four libraries with over 2 million publications;
• Four university residences and private housing facilities;
• Student sports facilities with over 30 individual & team activities;
• Four student restaurants, four cafeterias;
• 47 student associations;
• A full package of cultural activities including a “cultural Pass voucher”, a special pass which offers discounts to theaters & cinemas bookings and to other cultural events in Greater Paris.

A “Bienvenue en France” label.

This national recognition, awarded by our university, enhances our expertise dedicated to international students, mainly in the following areas:
• Quality and accessibility of information & reception facilities;
• Tutorial support services;
• Housing facilities and campus life development;
• Post-graduate career development and alumni services.

Location: Greater Paris

The Paris Region has much to offer to international students, such as history, art, culture on top of its academic & scientific excellence. It is a unique place to learn, discover, study, engage and exchange, a place where dialogue, fraternity, freedom and creativity will always prevail. Paris has been listed in the QS best student cities ranking for many years. At only 25 minutes from the world famous Les Champs Elysées, or La Défense (one of the major futuristic skyscraper packed, business districts in Europe) stands the city of Cergy-Pontoise. The historic heart of the area of Cergy-Pontoise thrives on a prestigious past which has often found itself at the crossroads of the history of France itself, as when the Royal Court resided there. Its fame was extended through the long residency of Camille PISSARRO, who painted the varied landscapes of the town and its nearby countryside in numerous works, which are now to be found in the greatest museums in the world. Blessed with rich heritage, Cergy-Pontoise became on March 30th, 2006, a member of the national network of towns and lands of Art and History. This label, delivered by the Ministry of Culture and Communication, embodies a policy aiming to promote heritage and architecture. Today, Cergy is known as a vibrant student hub.

Course program and objectives

Program information: an MBA program in ERP Management

This diploma is accredited by “La Conférence des Grandes Ecoles”, a French association that gathers elite higher education institutions. Today, every company seeks to establish its running activities in compliance with a management tool that will optimize its commercial, financial or production performances.

An ERP (Enterprise Resource Planning) aims to gather together the interconnection and the integration of all the company’s functions in a coherent computing system. In order to deploy an ERP, the company must rely on specialists who understand the cross-cutting needs of the organization.

The MBA program in ERP Management, taught at CY Tech, intends to train and prepare high-level executives to the deployment of ERP solutions. CY Tech is the only Higher Education institution in France which offers its students to prepare an MBA for the SAP professional certification.

A strategic long-term issue and a major challenge

The objective of CY Tech MBA program in ERP Management is twofold:
• to bring knowledge of the different businesses of the company and a perfect control of ERPs;
• to develop solid skills in the field of project management.

This program is meant for high-level executives who understand the cross-cutting needs of a company and are capable of managing and coordinating the actors of a complex project. It highlights both the experience of a substantial number of professionals, who are involved with our associate partner companies and the expertise led on many aspects of the business industry.

Career objectives

This course offers a wide range of opportunities within international-oriented departments in positions such as ERP Functional Consultant, ERP Project Manager, Head of System Applications, Head of “Key Users” Business Lines, Manager/Functional Services Director.

Admission requirements

Interested candidates in the MBA program in ERP Management must have:

- 3 years of Higher Education duly completed (180 ECTS or equivalent) with a minimum of 3 years of professional experience in a middle-management position.

Application procedures

Candidates must submit their application to the following email address cytech.international@cyu.fr as early as possible, and at the latest on June 30th (September session) or November 30th (January session).

Then, they will receive a link where they can send their application online. Shortlisted candidates will be contacted after sending applications and will be accepted after a face-to-face, telephone or Skype interview with a member of CY Tech Admissions Board. You can also visit our website for requirements, deadlines and a checklist of materials.

Program cost

The tuition fees for one academic year of the MBA program are 11 500€. 80 Euros are required to access an admission interview. 50% of the tuition fees must be settled for successful candidates so that our Admission Team can submit the study contract, an overview of your study program and administrative rules & regulations.

Documents required for the application

- Official copies of university transcripts and degrees;
- Copy of identity card/passport;
- A one-page CV;
- A proof of English proficiency level CEFR (Common European Framework of Reference for Languages): B2, preferably proven via an official external exam test score:
  - TOEIC: 800
  - IBT TOEFL: 80
  - IELTS: 6.0
- French Proficiency: no prerequisite
- French as a Foreign Language: Instruction included in CY Tech program.
- Some applicants might be exempt from providing us with a Proof of English language level if their mother tongue is English or if they have studied a fully-taught English program.
